## BRADFIELD'S FEMALE REGULATOR

CARTERSVILLE, April 23, 1893.  
This will certify that two members of my  
immediate family, after having suffered for  
years from Rheumatism, Sciatica, etc.,  
being treated without benefit by physicians,  
were at length completely cured by one bottle  
of Bradfield's Female Regulator. Its  
effect is truly wonderful. J. W. STRASOR.  
Book to "WOMAN" mailed FREE, which contains  
valuable information on all female diseases.

The Rev. J. Kinschid, of above place, writes:  
I have suffered a great deal, and whenever I  
now feel a nervous attack coming I take a dose  
of Pastor Kinschid's Nerve Tonic and feel re-  
lieved. I think a great deal of it and would  
rather be without bread than without the Tonic.

**Better Than the Best Doctor.**  
MADISON CITY, Pa., December, 1890.  
I deem it my duty to say that I was treated  
for ten years by the best doctors in Pennsylvania,  
but never got any relief until I took Pastor  
Kinschid's Nerve Tonic. I am cured of my  
nervous troubles; have never had the slightest  
symptoms of those spells since I commenced  
taking the first bottle.

## BEATTY'S PIANOS AND ORGANS.

Mon. Daniel F. Beatty, the great  
Organ and Piano Manufacturer, is  
building and shipping more Organs  
and Pianos than ever. In 1870 Mr.  
Beatty left home a penniless plow-  
boy, and by his indomitable will he  
has worked his way up so as to sell  
as far, nearly 100,000 of Beatty's Or-  
gans and Pianos since 1870. Nothing  
seems to dishearten him; obsta-  
cles lay in his way, that would have  
wrecked any ordinary man forever,  
he turns to an advertisement and  
comes out of it brighter than ever.  
His instruments, as is well known,  
are very popular and are to be found  
in all parts of the world. We are in-  
formed that during the next ten  
months he intends to sell 200,000  
more of his make, that means a busi-  
ness of \$20,000,000 if we average  
them at \$100 each. It is already  
the largest business of the kind in  
existence—Send to Daniel F. Beatty,  
Washington, New Jersey, for Cata-  
logue.

before the grand jury to make in-  
dictments against those creating  
disturbance at the Fair grounds  
and entering without ticket.

The case of Charles Puffalow, up  
again at this term of court, is trans-  
ferred to Giles county. Whether it  
will be prosecuted there as success-  
fully as here remains to be seen.

Mayor James W. Spotts has re-  
turned from Staunton and other  
places after several weeks absence.  
He had the pleasure of hearing the  
speech of Adlai Stevenson at Roan-  
oke.

A Democratic club, 600 strong,  
has been organized at Lynchburg,  
and from all over the State come  
reports of unusual activity in the  
party ranks. It means another  
sweep.

It is education that makes all the  
difference between the men who  
dig in the ditch and the man who  
bosses the job. It is the superior  
qualities of Ayer's Sarsaparilla that  
gives it its acknowledged pre-emi-  
nence over all other blood purifiers.

Richlands was the scene of much  
excitement last Saturday night  
brought on by the notorious Short.  
He had killed a man and escaped.  
A posse in pursuit of him called a  
halt on another party supposed to  
be his. This party responded with  
shots which were returned with a  
fatality of two. Short has not been  
arrested.

The case of the Commonwealth

ry and Graham appear for the de-  
fense.

The huge cattle of Mr. S. J.  
Thompson, of the Cove, are the ad-  
miration of all who see them. It

shipments.

Mr. T. D. Wel's, called to assist  
in the ejection of some parties from  
the Fair Grounds on the last day,  
unexpectedly received a severe

The coal traffic on the Clinch  
Valley road has within the past  
few weeks become quite heavy,  
which accounts for the increased  
tonnage since the closing of the  
Southwest Co's mines.

It is feared that if the misunder-  
standings at Pocahontas are con-  
tinued indefinitely there will eventu-  
ally be trouble, this not from any  
present indications, but in the na-  
ture of things unsettled.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

A hard looking black negro was  
brought up from Pocahontas, Tues-  
day, charged with attempted crimi-  
nal assault. Some one had told  
him a mob would meet and hang  
him and he was in a state of great  
terror.

The cholera seems to be dying out  
in the old world and we hope that  
America's precautionary measures  
will have made groundless the  
alarmists' opinions that it will find  
a foothold on our soil in the com-  
ing spring.

There is nothing to confirm a  
belief that the South will not re-  
main solid for Democracy and the  
people of the country at large are  
sharing with those of New York  
their confidence in the strength of  
the party there.

We are indebted to the secreta-  
ry for complimentary ticket to the  
Lynchburg Fair, Oct. 25, 26, 27  
and 28. Aside from the usual at-  
tractions will be the Wild West  
show. Senator Hill will speak on  
the grounds on the 26th.

The bailing and shipping of hay  
has become a Tazewell industry.  
This means ready money, but in  
many cases poorer land and in fu-  
ture shorter crops. A few years  
ago farmers would not allow grass  
to be taken away from the land.

A Universal Beautifier.—Harm-  
less, effective and agreeable, Ayer's  
Hair Vigor has taken high rank  
among toilet articles. This prepara-  
tion causes thin, weak hair to be-  
come abundant, strong and healthy  
and restores gray hair to its origi-  
nal color.

Mrs. Rose Kroll received the  
premium as being the best mar-  
ried lady rider and Miss Josie  
Smythe the best unmarried lady  
rider at the late Fair. Master John  
O'Keeffe was adjudged the best  
boy rider and Mr. —, the best  
gentleman rider.

Entertainments were given at the  
Opera House Monday and Tuesday  
evenings for the benefit of the  
Methodist church by Miss Caroline  
Earnest, a professional dramatic  
reader, assisted by Prof. O'Neil, of  
the College, and Miss Bopp, of the  
Seminary. Misses Coe, Chapman  
and Peery and Mrs. Walker also  
had parts in the program.

Bourke Cockran said at Albany of  
Mr. Cleveland: "The people of this  
country believe that he typifies to-  
day the highest form of development  
which American citizenship can reach,  
because in all his life and all his ca-  
reer there is not a single act which  
needs explanation, and though ene-  
mies may criticize him, the whole  
people admire and respect him."

## STOCKHOLDERS MEETING.

The annual meeting of the stock-  
holders of the Clinch Valley Coal and  
Coke Company will be held in the  
office of the company at Tazewell,  
Va., on October 3d, for the purpose  
of election of officers for the ensuing  
year, and for the transaction of such  
other business as may come before  
the meeting.  
J. P. KELLY, Secy.  
J. P. KROLL, Pres.

He mocks the people, Grover Cleve-  
land said, who proposes that the  
government shall protect the rich,  
and that they in turn will protect the  
poor. Any intermediary between the  
people and their government, or the  
least delegation of the care and pro-  
tection the government owes to the  
humblest citizen in the land, make  
the boast of free institutions a glit-  
tering delusion, and the pretended  
boon of American citizenship a  
shameless imposition.

Mr. Cleveland's letter of accept-  
ance, out Monday, is more apt to  
be read than Mr. Harrison's, in  
that it is shorter and more to the  
point. He treats briefly but clearly  
the tariff, money and the force  
bill chiefly. There is the same old  
ring of sterling honesty about his  
demands for government in the in-  
terest of the people at large. We  
see but little use for such custom-  
ary documents, but are glad that  
his is such as it is.

At the recent meeting of the  
Farmers' Institute in Lynchburg,  
Mr. Henry L. Lyman, of Albemarle,  
read an interesting and instructive  
address on grape culture, bearing  
especially upon the opportunities  
presented in Virginia for such pur-  
pose. Throughout the State there  
are slopes eminently suited in cli-  
mate, soil and other conditions for  
the cultivation of both the table  
and wine grape, and wherever it  
has been tried intelligently suc-  
cess has followed.

While the past season has not  
been altogether favorable for the  
farmers and canners in Botetourt  
county, the latter have found a  
stronger demand and readier sale  
for their output than was expect-  
ed. Altogether over 50,000 cases  
of canned corn, tomatoes and okra  
will be made in the county by  
some fourteen canners. This in-  
dustry seems to have taken a good  
hold wherever tried and should  
become more general. It is a ben-  
efit to the farmer and to the town  
in which it is located.

Hon. John A. Buchanan was to  
have spoken here on Tuesday last,  
but appointments conflicted. His  
place was ably filled by Lieutenant  
Gov. J. Hoge Tyler, who though  
somewhat worn out came in answer  
to a telegram. The court house was  
comfortably filled by a representa-  
tive body of men who heard him  
with marked attention and who left  
the room more fully persuaded of  
the unparalleled importance of  
united action in the coming cam-  
paign. The speaker's evident hon-  
esty and earnestness showed that  
he at least appreciates the situa-  
tion.

**LOST.**  
A parasol, with horn handle, also  
an umbrella, with metallic handle, with  
design of frog on handle, one eye of  
frog being out. Was lost between  
Dodd's hotel and the residence of

turn them to

## A LIVELY "GHOST."

The force bill is taking a promi-  
nent part in the present campaign,  
and seems to be giving its advocates  
no end of trouble, as the utterance  
of various Republican newspapers  
will testify. Some of them, being  
driven to the very verge of despera-  
tion and despair, have even referred  
to the high handed outrage they  
would perpetrate as a "ghost."

A "ghost," indeed!  
Of all the feeble excuses which  
have been offered the people for this  
infamous plank in the Republican  
platform, this is unquestionably the  
feeblest, without a semblance of rea-  
son.

The "ghost" of the force bill!  
We are not waging war against  
"ghosts" in this campaign, but against  
stern and unpleasant realities. We  
are fighting infamy and outrage with  
the liberty and independence of the  
people; and when the smoke of the

battle has cleared away we will stand  
victors crowned on the field of con-  
test.

Our Republican contemporaries all  
over the country are kept busy in  
their efforts to bury this uncanny  
"ghost," which persistently refuses  
to submit to an internment, and is  
stalking abroad in the land seeking  
to devour the principles which we  
are struggling to maintain; seeking  
to close its bony fingers over the  
throat of the south and strangle it  
into submission; seeking to expunge  
from the constitution every vestige  
of self government; seeking to wrench  
from the people their rights and their  
money and place them in the hands  
of federal supervisors and other Re-  
publican office holders and constitu-  
ed authorities.

A "ghost," indeed!  
The Republicans have howled fraud  
and dishonesty until such howls will  
no longer claim the attention of the  
people. Fraud and dishonesty have  
been traced to their true source in  
the Republican ranks and held up to  
the astonished gaze of the worship-  
ers of the false god of Republican-  
ism!

The Republican party has pre-  
ached protection to the nation and the  
nation has not been protected! They  
have hurled free trade in the teeth of  
Democracy and thrown the mantle of  
protection over pampered wealth and  
favored capital until a deceived and  
deluded people have awakened from  
their lethargy and torn the glittering  
mask from the face of this strong  
hold of hobgoblins!

A "ghost," indeed!  
The force bill is not a "ghost" and  
will not be a "ghost" so long as this  
party of false doctrines can keep the  
breath of life in its polluted body.  
An outrage is an outrage; and should  
the Republican party be successful  
in November, the force bill will be  
the liveliest "ghost" that ever figured  
in a presidential campaign.

The issues have been taken and  
the fight is on. The Republican  
party is haunted. The search lights  
have been turned on the party closet  
and there stands revealed grinning  
skeletons and grim "ghosts" galore;  
and the offensive stench emanating  
therefrom fully convinces the people  
that it is a veritable charnel house,  
reeking with the foul odors of politi-  
cal corruption.—Ex.

tice, having had placed in his hands by  
an East India missionary the formula  
of a simple vegetable remedy for the  
speedy and permanent cure of Con-  
sumption, Bronchitis, Catarrh, Asthma,  
and all Throat and Lung Affec-

for Nervous Debility and Nervous

wonderful curative powers in thou-
